

ATIEA is a Professional Association for the following Trades.

If your teaching field falls in any of these trades please go to our website at  
<https://www.atiea.org>

Check it out, and see how your professional association can help you. Then click on the join button and become a member, and start enjoying the benefits. It's that easy.

**The mission of the ATIEA** is to foster a spirit of mutual cooperation, understanding, and unity among the members of the fields of Technology, Trade and Industry, and Technical Education; including teachers, administrators, and other educational personnel, business partners, and the general public. This is accomplished by:

- Providing scholarship for extending students' education and training
- Developing and delivering professional development activities for teachers that extend their skills and knowledge
- Working with other organizations, such as the ACTEAZ and SkillsUSA, to create opportunities for teachers and students
- Developing relationships with industry partners to increase support for teachers and students
- Developing teachers as leaders in Career and Technical Education (CTE)

#### **Scholarships:**

The ATIEA provides scholarships for graduating seniors enrolled in CTE programs. The scholarship amounts range from \$500 to \$1000 and can be used to pay tuition and fees for college, or to purchase tools for a post-secondary training program.

**To learn more about the ATIEA**, please visit our website [atiea.org](http://atiea.org)

- ATIEA website provides links to support the work of the Association by:
  - Membership in the Association
  - Donations to the operating fund
  - Donations to the scholarship fund
  - Opportunities to partner with the Association to provide other supports to teachers and students

Please contact us if you would like to talk more how you can support the ATIEA mission at [ATIEAORG@GMAIL.COM](mailto:ATIEAORG@GMAIL.COM)
